Community members, parents, and JH/HS students, please join us in the gymnasium at 6:30 p.m. on May 15 for the Academic and Athletics Awards Banquet.

**Attire for students is semi-formal.*

***Refreshments will be served.*

IDALIA TO GRADUATE TEN SENIORS

The Class of 2018 is anxiously awaiting graduation day which is approaching quickly.

The class has shared many fun trips together from sporting events to State and National Conferences to their final trip—the senior trip to Orlando, Florida.

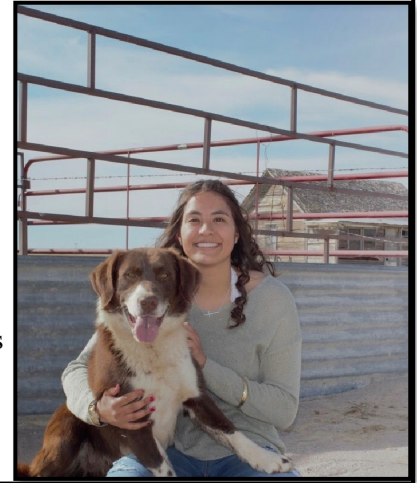

Idalia School would like to wish them the best of luck in their upcoming endeavors. Graduation is Sunday, May 20, at 2:00 p.m.

Chelby Lynn Dull, is the daughter of Cecil and Heather Dull. Her future plans include attending Morningside College for Pre-Veterinary Medicine. After she gets Pre-Vet med, she plans to go for her doctorate of veterinary medicine. In 10 years she sees herself working as a veterinarian and getting close to achieving her doctorate. As far as favorite classes, any of Mrs. Soehner's classes are her favorites. But her most favorite would be math. She loves math, and learning new math. Chelby's biggest accomplishment is getting a silver at the state competition in FFA as well as participating in Knowledge Bowl since 7th grade. One of her favorite memories is her very first play with Mr. Dove. Advice Chelby gives

to younger classmen is to always listen to your teacher, and whenever something is hard, just keep pushing towards your goals. What she will miss about high school is all of her teachers, and being around her friends, family, and community.

Linda Crystal Cordova, is the daughter of Ivan and Claudia Cordova. Crystal plans on attending Colby Community College for her general education. Her favorite class is physics because it is challenging, yet fun. Her biggest accomplishment in school was competing at National FBLA in Website Design. In 10 years she hopes to have a job in what she majors in. Crystal's advice to younger classmen is don't wait last minute to do your projects or assignments. Her favorite memory is when we were telling funny stories in science class. She told an embarrassing one that made her leave the room crying. What Crystal will miss about high school is joking around with everyone and sports.

Madison Grace Wells, daughter of Justin Wells and Jennifer Bradley, plans to attend the University of Colorado, Colorado Springs to study Pre-Dentistry. Her biggest accomplishments in high school was competing at State in FBLA, being President of National Honor Society and having an almost perfect school attendance record. Madison's favorite class is Statistics because there is just four of them in the class, and they have all gotten close. Her favorite memory would be anytime in Mrs. Soehner's class, and all of Crystal's meltdowns. Advice Madison has for younger classmen is create good study habits and set personal goals to succeed. In 10 years she sees herself being a dentist somewhere. What she will miss the most about high school are her friends and teachers.

Kehlsie Marie Juhnke, is the daughter of Jeremy and Crystal Juhnke. Her plans are to go to nursing school. In 10 years she sees hopes to have a family and be a nurse at a hospital in Colorado. Kehlsie's favorite class is human anatomy, because she wants to be a nurse. Her biggest accomplishment is her 3.9 GPA.

Her favorite memory is playing the moms in volleyball. Some advice she has for younger classmen is don't let fear stop you from stepping outside your comfort zone. What Kehlsie will miss about high school is being surrounded by friends who she has known her whole life and

her parents' home cooking.

Class Colors:

Rose Gold and White

Class Motto:

All our dreams can come true if we have the courage to pursue them.

~~Walt Disney~~

Ysabelle Alexandra Mireles, daughter of Fernando and Diane Millan plans to attend Colby Community College to start her nursing education and then finishing in Arizona State University. Her favorite class is anatomy because she wants to become a nurse so it's a no-brainer that she's interested in it, but mainly because Mrs. Soehner makes it fun. Ysabelle's biggest accomplishments in high school are getting 2nd place in Word Processing and 1st place in Website Design in FBLA, being Vice President in National Honor society, and being on the Honor Roll for four

years. Ysabelle said that snow days were awesome, but her favorite memory was going to State track her freshman year. Advice she has for younger classmen is to work hard for the best, but expect the worst. Also, DON'T procrastinate! Get everything done on time. Have fun too. Where Ysabelle see's herself in 10 years is working under a doctor as a cosmetic nurse

and working in a hospital. What she will miss about high school are the funny pregame meals, her teachers, especially Mrs. Soehner and Sherri, the games and track meets, and her friends. There were a lot of memories made in high school.

Class Flower:

White Rose

Jacey Rena Jones, daughter of Jesse and Brandi Jones is attending the University of Northern Colorado in Greeley. She will be working towards a degree in Nursing. In 10 years she hopes to be a working pediatric nurse while starting her own family. Her favorite memory was making it to State volleyball and winning State basketball. These were two life changing experiences. Her biggest accomplishment in school is making honor roll or high honor roll each semester of high school. Jacey's favorite class this year would be medical terminology. This class has given her a peek at her future, and she's so excited. Advice she gives to younger classmen is take school seriously; it determines the rest of your life. One of many things she will miss about high school is getting to spend everyday with friends and playing volleyball with the girls.

Raquel Berenice Alvarez Cordova, is the daughter of Gerardo Alvarez and Alma Cordova. Her future plans are to finish her career as a psychologist, get married, and travel a lot with her family. Her favorite class is Mrs. Richards' class because she has helped her a lot since she has got here. Her biggest accomplishment is graduating from high school. Raquel's

favorite memory is when Crystal laughed at her because she fell. Advice that Raquel has for younger classmen is to do your homework. What she will miss about high school is Mrs. Richards, Mrs. Ramseier, and maybe the moments with the same people.

Brandon Ryan Kock, is the son of Kyla Kock and Tonia Roseberry. He plans on attending Western Nebraska Community College for Auto Tech Program. In 10 years, he sees himself working for his dad at Third Street Auto. Brandon's favorite class is Ag Mechanics because it is hands on.

His biggest accomplishment is being District FFA Treasurer, and Chapter President. One of Brandon's favorite memories was going to Disney World on senior trip. Advice he has for younger classmen is don't be dumb. What he will miss about high school are his friends and sports but nothing else.

Kevin Uriel Trevizo, son of Jaime and Maria Trevizo plans to graduate as an athletic trainer, open up his own gym in Arizona, and work with well-known athletes. In 10 years he will be in Arizona opening up his own gym. Kevin's favorite memory is getting a text message saying there is no school. His biggest accomplishment in high school is graduating, getting first place at District FBLA in Website Design and getting 7th place in the 4x1 at State track. His favorite class is weights because he love fitness, health, and watching other people's bodies transform. Advice he gives to younger classmen is don't procrastinate, plan your future once you start high school so when you become a senior you know exactly what you want to do in your life. Kevin said that he will miss everything about high school.

Brendon Scott Weatherly, son of CJ and Wendy Weatherly. Brendon plans to attend NJC for two years for production ag and minor in welding. He plans on working to own his own ranch. His favorite class is being Mrs. Ramseier's teacher's aid, because playing with the little kids is fun. His biggest accomplishment was getting All-Conference in football, and achieving the SAE Grant through FFA with Mrs. Louthan. One of Brendon's favorite memories is catching the football with a touchdown for the first time and seeing all his hard work pay off and getting Homecoming king. Some advice he has for younger classmen is don't let others decide your direction in life. In 10 years Brendon sees himself on a ranch somewhere. He will miss his buddies, walking into Sherri's room and feeling at home.

6TH GRADE TRAVELS TO CAREER FAIR

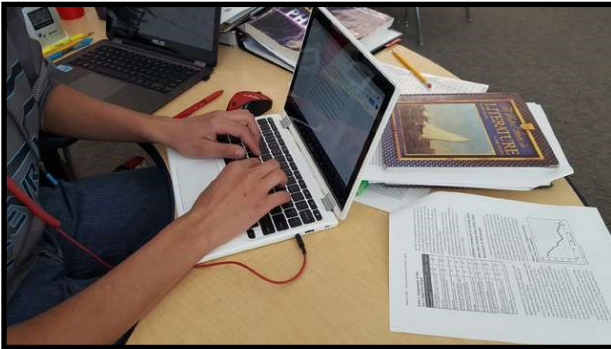

On the 25th of April, the 6th Grade travelled to the Northwest Technical College, in Goodland Kansas, to a Career Fair.

Eighteen students went and got hands-on experience in several fields including, Diesel Mechanics, Medical Assistants, Cosmetology, Computer Science and Crime Scene Investigation. *Submitted by KC Higley, Idalia 6th Grade Teacher*

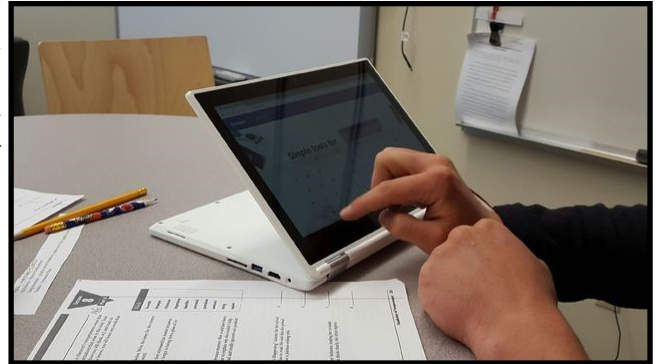

THANK YOU!!!

A huge thank you to the Wray Knights of Columbus for donating funds to the Idalia Special Education program. The students are putting the newly purchased Acer

Chrome Touch Screen Notebook to good use. *Cyndie Weyerman*

IDALIA YOUTH BASKETBALL PROGRAM

The Idalia Youth Basketball program concluded with a late March tournament in Cheyenne Wells. All four of our teams came away with medals by placing in the top three of their respective divisions. I would like to thank all of our volunteer coaches for their help this year: Lindsey Richards, Sheena Terrell, Lisa Richards, Darla Northrup, Dara Weyerman, Brian Lengel, Jodi Morris, Ross Morris, Brad Wingfield and Cory Zion. Throughout the season, the kids worked really hard, showed improvement, won a lot of games, and hopefully had as much fun as I did. We look forward to getting back after it again next year!

Submitted by Myles Johnson

THANK YOU!!

THE CLASS OF 2019 WOULD LIKE TO THANK THE FOLLOWING BUSINESSES FOR THEIR GENEROUS DONATIONS TO JUNIOR CONCESSIONS THIS YEAR.

****OUTBACK FUEL & FEED FOR POPCORN AND POPCORN BAGS**
****BOSTRON FARMS FOR POPCORN**
****WRAY ACE HARDWARE FOR POPCORN BAGS**

A SPECIAL THANK YOU TO ALL OF THE PARENTS FOR THEIR HELP THROUGHOUT THE YEAR!

For over a month, 25 motivated student-athletes in Preschool through 8th grades, along with some amazing adult sponsors, have put the rubber to the road in training for the Bolder Boulder. Although not all will compete in the race, the students and adults meet twice a week, Mondays and Wednesdays, after school for training! Each week, our number of participants continue to grow. The more the runners, the more the fun!

While training, one goal for the students was to combine their mileage to “run” the 170 miles to Boulder. We met that goal in just THREE weeks! We now hope to “run” across the state and beyond! You can follow our progress on the bulletin board in the lunchroom!

Our training will all lead to the Bolder Boulder on May 28th. As part of the BBRacer Program, the registered participants will get to meet the professional running athletes the night before the race, eat dinner with them, and stay the night in the CU-Boulder dorms...a fun pre-college experience!

A&P CLASS DONATES BLOOD

Some of the juniors and seniors have been studying blood and the circulatory system in the Anatomy and Physiology class. The students decided to participate in a blood donation to correlate with what they were learning about in their lessons. On Thursday, April 26, 2018, Mrs. Soehner's Anatomy and Physiology class travelled to Yuma, Colorado, to donate blood. The people in attendance included: Mrs. Soehner, Jacey Jones, Madison Wells, Maddisen Hoyda, Brian Jimenez, Crystal Cordova, Chelby Dull, Ysabelle Mireles, and Peyton Jacobs. They also went to the Yuma Hospital and

got to take a tour of where Mrs. Soehner worked and learned how things worked inside of a hospital.

HS TRACK

The 2018 Idalia High School Track season is off to a great start. There have been a total of four meets, excluding one pole vault meet. Due to the rainy weather, some track meets have had to of been canceled. Thirteen students came out for track this year, and all 13 have worked very hard in their events whether it's running, throwing, or jumping. Students don't only try their best during meets,

but also during practice.

With the help of Coaches Kelli Kite and Darla Northrup, the Idalia track team always tries to accomplish their goals. *Submitted By Brian Jimenez*

MAY 9—NATIONAL BIKE TO SCHOOL DAY

May 9 is National Bike to School Day. Bikers will meet at 7:40 a.m. at the Homestead and ride together to school on Wednesday morning. Please drop your kids of at 7:35 a.m. and remember, no bikes can be taken on the buses. Parents can pick bikes up from the tennis courts. For those who don't want to ride, we will have our monthly Walking School Bus this morning as well.

MADISON WELLS WOLF OF THE MONTH

Madison is a 18-year old senior. Madi currently maintains straight A's and her favorite teachers include Mrs. Cindy Soehner (Science/Math) and Mrs. Sue Terrell (Business/Publications). Madi states that while not in school, she loves spending time with friends and road trips. Madi looks up to her older sister, stating, *"My older sister, Bre, is my role model. She works so hard and always pushes me to do my best."*

An accomplishment that Madi is proud of is *"maintaining a 4.0 GPA this year."* When asked to discuss a 'Fun-Fact' about herself, Madi said, *"I love making new friends."* Madi will attend UCCS in the fall, with plans to become a dentist. Madi offers the following advice to her fellow students, *"Your GPA follows you, so create good study habits and set personal goals."*

Mr. Johnson states, *"Not only is Madi a high-performing student, but also an exceptional young lady. She is always very polite, friendly, upbeat, and optimistic. No matter the situation, Madi always seems to be in a great mood and is very positive, a trait that I greatly respect. There are relatively few things in life you have complete control over, but your attitude is one of them, and I am glad you have chosen to be positive and friendly. Congratulations on your acceptance to UCCS, and I am confident you will be fixing my cavities before you know it!"*

SENIOR TRIP—2018

Don't forget to purchase your King Soopers and Safeway cards at the school. 5% of all money applied to these gift cards goes toward the Continuing Education Program.

The week before spring break the seniors decided they needed some extra time off, so they convinced Miss Caron and Mrs. Soehner to take them to Orlando, Florida. (or The week before spring break the seniors and their sponsors took off for Orlando, Florida.)

After arriving in Florida at the airport they headed to their resort rental, ordered pizza, and settled in. The next morning they got up bright and early and headed to Disney's Magic Kingdom. After spending a fun morning there, the group took a jaunt over to Epcot Center to pursue the park's cultural intricacies and find something good to eat. They then returned to Magic Kingdom to finish off the day with more magical fun and fireworks. The entire party was exhausted by the end of the day, but after a good night's rest, they got up early again and headed out to Disney's Animal Kingdom. They spent the morning there enjoying the fun rides, the beauty of the park, the animals, and the myriad of shopping. Taking the afternoon off was in order so they headed back to the resort to relax at the house, enjoy the lazy river and Jacuzzi.

Returning to the park they had more fun, enjoyed a fine dinner at the Rain Forest Café and saw the beautiful Tree of Life lit up at night. The next morning they got to sleep in a little and were treated to a fabulous breakfast that Jacey and Kehlsie made. Then it was off to Gatorland, a place filled with large, dangerous reptiles. Once there, the students and sponsors suited up and headed up into the air for an hour and a half zip lining adventure. Then the students were off again for an afternoon at the beach.

That night, they had a last hurrah dinner at a fabulous restaurant called the Melting Pot, a delicious fondue supper. After supper we headed out to find the sling-shot for Madi and Crystal. Meanwhile, the rest of the group went over to the rest of the little carnival park and rode some rides. To

finish off the evening everyone got their need for speed realized with a Go-Cart Race. The students did such a good job of driving, with no accidents, that the people running it clapped for them as they left.

They headed back to the house one last time, packed up, cleaned up, and took one more dip in the backyard pool. The sponsors hit the sack, but most of the students stayed up for the few hours before departure time. Their fun adventure had come to a close so they returned to the airport where they traveled back to Idalia with sunburns and tan lines, a variety of treasures, and memories that will last a lifetime! *Submitted by Johanna Caron, Senior Class Sponsor*

Back Row: Tyler Hall, Kavan Smith, Miss Caron, and Brandy Henrickson. Front Row: Schuyler, Dawn Rice, Zandi Sloan, and Alli Rice

SOLO AND ENSEMBLE COMPETITION

On Saturday, April 21, Miss Caron and a number of middle school and high school musicians headed up to Overland High School for Solo and Ensemble Competition. They played multiple solos and ensembles for various judges, then received valuable feedback on their performances to aid them as they continue to grow as musicians.

Congratulations to Dawn Rice, Tyler Hall, and Schuyler Prentice for their Superior ratings. Shout out to Zandi Sloan, Brandy Henrickson, Dawn Rice, Alli Rice, and Kavan Smith for receiving Excellent and Good ratings on their performances. It was a great day of music making and learning for our Idalia musicians! *Submitted by Johanna Caron, Music Instructor*
