

DECEMBER BOARD MEETING MINUTES

On December 11 the Board meeting was called to order at 7:02 a.m. Those in attendance included Board Members Ken Brenner, Amber Hardwick, Kyle Kite, Jessica Towns, Larry Weyerman, Superintendent Myles Johnson, Business Manager Autumn Helling, Assistant Principal Kristi Minor, and audience member Colby Newton. Mr. Newton informed the Board that attending a Board of Education meeting is a requirement for his Alternative Licensure program through EC BOCES.

Following the pledge of allegiance, the agenda was approved. Next, the November 19, 2018, minutes were approved. The Business Service Reports were then presented and approved. During "Committee Reports", Jessica Towns informed the Board that the Health and Wellness Committee was awarded an \$800 grant, in which the funds would be used to install an additional water bottle filling station in the school. Mrs. Minor informed the Board that the next Accountability Committee meeting is scheduled for December 17, 2018.

Amber Hardwick briefed the Board on the BOCES Board meeting she and Mr. Johnson attended on November 28, 2018. Mrs. Minor then gave her Principal's Report, where she updated the Board on student behavior and attendance records. Next, Mr. Johnson gave his Superintendent's Report, where an updated student count (207) was shared along with briefing the Board on different district accountability options.

Next, under "Discussion/Action Items", the Board approved the 2018 Mill Levy Certification. The 2018-2019 Final Budget was then approved. Under "Personnel Services", the Board approved the amendment of two extra-duty contracts. The meeting was adjourned at 7:48 a.m. and the next meeting set for January 16, 2019 @ 7:00 p.m. *Submitted by Myles Johnson, Superintendent*

CALLIE RICHARDS—WOLF OF THE MONTH STUDENT PROFILE

Callie is a 12-year-old 7th grader on the High Honor Roll and a straight-A student. When asked to name her favorite teacher, Callie responded, *“I like all of them. It is fun to be in junior high and rotate classes and get all the teachers because they are all so different.”* Callie named Business as her favorite class, stating, *“I like the work plus my class is really well-behaved in there which makes it more productive.”* When not in school, Callie said she enjoys babysitting, riding horses, decorating for the holidays, and spending time with family and friends. Callie looks up to her parents, Lisa and Duane, as her role models stating, *“My parents do so much for me, I cannot think of any way I could ever repay them. I also look up to all of my Aunts, they are very supportive of me and I love them.”*

When asked to discuss an accomplishment that she is proud of, Callie responded, *“I am proud to earn straight A’s. It gives me confidence at school, on the court, and in life!”* When asked to share a ‘Fun-Fact’ about herself, Callie stated, *“me and two of my cousins, Kyndal and Trey, were all born within 72 hours of one another.”* Callie was asked to discuss her aspirations and stated, *“I want to attend a good college. I also want to eventually buy a car so I’m trying to save money by babysitting. I love kids and babies!”* Callie’s advice to her fellow students is, *“Focus on what is important to you. Never lose sight of who you truly are and what you hope to become.”*

On naming Callie ‘Wolf of the Month’, Mr. Johnson states, *“I have always been a huge fan of Callie. Not only is she a very high achieving student, but also just a really solid, friendly, and polite person. From my observations, you can always rely on Callie to give her best effort, whether it be in the classroom, basketball court, and anything and everything else she puts her mind to. You are doing a great job Callie and appreciate all the positive contributions you make to our school and community. You are smart, steady, friendly, and reliable. These traits paired with your great attitude and work ethic will continue to serve you well. Keep up the awesome work!”* Submitted by Myles Johnson, Superintendent

CHEMISTRY—ADOPT AN ELEMENT

Chemistry class recently completed a project known as “Adopt an Element.” Each student selects an element to research. They find out all about its qualities, who it hangs out with, what it does in its free time, and they even created a catchy phrase to convince the world that their element is, indeed, critical to our world. Students also created models of their element depicting the proper number of subatomic particles (protons, neutrons, and electrons) all in their proper position within the atom. Here are some pictures of just a few. *Submitted by Cindy Soehner, Chemistry Teacher*

In the December Wolfview, one of the problems from the UNC Math Competition was given. Here is the original problem AND the solution!

A prince's castle was sealed in terror, for the Red Death stalked his land ill-fated. In his ballroom, seven pairs of costumed lords and ladies were grandly *feted*. Seven different colors for seven pairs, their costume colors matched in pairs. For the grand finale, a mysterious guest presided masqueraded. Each lady chose a random lord for the final dance. These mixed-up pairs were then picked in random order by the masked *warder*. Your devilish task is to compute the chance that the second pair so chosen was the first whose costumes matched.

ANSWER: 5/42

SOLUTION: For the second pair to be the first costume match, the first pair must NOT match. Probability is 6/7 that the first pair does not match: Whatever lady is in the first pair chosen, 6 of the 7 lords will be a color mismatch. After that, there are 5 ladies and 5 lords remaining whose color matches also remain and one of each whose match has already been chosen. With probability 5/6 the lady chosen for the second pair could be matched. Only one of the 6 remaining lords will be that match. So the probability that the second pair is the first color matched pair is

$$(6/7) \times (5/6) \times (1/6) = 5/(7 \times 6) = 5/42$$

More Benefits for Student Scholarships

We are happy to announce that Carpenter's Mini Mall is donating \$100 a month to our scholarship fund. Supporting our local grocery store will also benefit students who apply for scholarships.

All profits from the drink and snack machines and the use of Safeway and King Soopers gift cards are used to fund scholarships for students who apply for them.

Purchasing and using Safeway and King Soopers reloadable gift cards is very easy. Individuals buying these cards need to reload them at the register for whatever amount they choose. Loading this card can be done by using your credit card, check, cash or debit card. The card is swiped just like a credit or debit card. These cards can be used to purchase fuel at Safeway or King Soopers as well as merchandise. You can still use your store card to get store discounts. Safeway and King Soopers donate 5% of all money that is used to load these gift cards to the Continuing Education program.

It is easy to purchase a reloadable gift card and use it at either of the two participating stores. Initial cost of each card is \$10 which is already added to the card for you to use. Checks need to be written to Idalia Vision Continuing Ed and can be purchased at the school office.

Perhaps your child has received a scholarship from the Continuing Education in the past; or maybe you have a child that will be eligible to receive a scholarship in the future. Wouldn't this be a great way to show your appreciation for that scholarship by supporting this program? *Submitted by Deb Crites*

CHRISTMAS MUSIC PROGRAM

First Grade

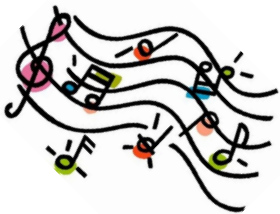

Kindergarten

Second Grade

Santa Claus

This year, the Christmas program was a blast from the past with Betty Moellenberg and Judy Shively as the coordinators. Betty and Judy came to the school administration volunteering to run the school Christmas program because we did not have a music teacher. The theme of the program was *How Technology (Almost) Stole Christmas*. The night began with the high school students singing and playing their instruments. The K-6th graders put on a play where each class sung Christmas songs. The ideas for the theme were provided by the 5th grade class with the help of Betty and Judy. The music program was a success and enjoyed by all! Thank you Betty and Judy! *Submitted by Aubrey Richards, Publications Student*

Museum of Contemporary Art Denver Failure Awards Scholarship

APPLY NOW

The Museum of Contemporary Art Denver is awarding over \$20,000 in college scholarships to the next generation of creative, innovative, and fearless graduating high school seniors who demonstrate a willingness to risk failure in the pursuit of something new. The Failure Awards scholarships reward Colorado students who embrace the spirit of creative risk taking with scholarship monies that can be used at any accredited four-year institution towards educational expenses. The Failure Awards are given not on the basis of academic merit or athletic prowess, but rather on a student's demonstration of a willingness to take these risks.

Students who meet ALL of the following criteria are encouraged to apply:

Are a resident of and attend high school in Colorado

Will graduate from high school in the spring of 2019

Will attend an accredited four-year college or university in the fall of 2019

Are able to attend the Failure Fair on April 13, 2019
